

**WHO YA GONNA CALL?
RE-ELECT PAUL!**

**PLEASE COME OUT AND VOTE FOR
PAUL LOSTRACCO
Secretary-Treasurer
Local 80
Friday November 20, 2020.**

Hello Fellow Members

I am **Paul LoStracco** and have been Nursing at Sunnybrook for almost 31 years. I graduated from the Mack School of Nursing in St. Catharines in April 1990 and started at Sunnybrook May 14, 1990 on D5 to present. I also graduated from McMaster University with a BSc Degree in Biology in 1986.

I became interested in the Union in 1990 as a Unit Rep and then became a member of the Executive in June 2005 as one of the Vice Presidents at the Bayview Site. My portfolios include Grievance chair, facilitating the Return to Work, as well as orienting newly hired Nurses to ONA. My other duties include representing members at meetings, as well as assisting with issues that arise throughout the Hospital.

I sit on the following committees:

Scheduling, Permanent Accommodation, Joint Occupational Health and Safety, Human Rights and Equity, Hospital Association Committee and Nursing Professional Development. I am a certified member of the JOHSC according to training requirements established by the Workplace Safety and Insurance Board.

I've attended the following workshops to increase my knowledge of ONA:

Early Safe Return To Work, Worker's Safety, ONA/OFL Safe Return to Work Principles and Strategies, Violence in the Workplace, Obligations in Representing Members Under the Human Rights Code, Disability Income Protection Plan, OSACH Training Program-Developing Respiratory Protection Program & Be Pandemic Prepared, Navigating the Collective Agreement, Human Rights Workshop, Professional Responsibility Workshop, Executive Skills Level 1, Executive Skills Level 2, ONA Rep, Attendance Management, Modified Local and Bargaining Unit Succession Planning and various other conferences

I also sat on the **Local Negotiation Team** for the last five rounds of contract negotiations.

I became the **Secretary/Treasurer in 2006** and have taken various Treasurer Workshops through ONA. This position has enriched my interest in ONA and shown me an entirely different side such as how the dues monies are allocated to assist our members. I am dedicated to ensuring the Local finances stay on track and follow the budget approved each year by the membership and ensure the Local Policies are being adhered to.

I very much enjoy being a member of the executive, increasing my knowledge and expertise each and every day so that I am able to support the members and ensure their rights through the collective agreement are protected.

If voted back in as Secretary-Treasurer for the Local, I will continue to be here for all of you and will continue to keep close eye on the Local finances.

On Friday November 20, please give me your support and I will not let you down!

In Solidarity,
Paul LoStracco, RN
